ITALY MAY QUIT PEACE CONFERENCE

New State Foreign Language Bill Appears

JOHNSON HAS NEW SCHOOL MEASURE

Bill Comes in Through Committee; Hits the Parochial Schools

FONS BILL HEARING

Senator Jennings Will Also Have Measure on the Subject

A new foreign language bill made its appearance in the legislature today.

The bill was introduced in the assembly by the committee on state affairs. It was referred to the committee on education.

The bill provides that no foreign language can be taught in a private, parochial or public school below the high school.

From Axel Johnson.

The bill emanates from Axel Johnson, who introduced the former bill that was tabled. The time for introducing new bills has passed but a bill can still be introduced through majority action on the part of a committee. Axel Johnson is the chairman of the state affairs committee. The bill which was introduced by Johnson at the beginning of the session was recently tabled.

In the hearing Thursday on the Fons foreign language teaching bill yesterday, a number of unexpected developments occurred.

After Lutheran and Catholic spokesmen had opposed the bill, Senator Fons made the statement that both Rev. J. J. Oberle, who represented the Catholic parochial schools in the hearing on the Axel Johnson bill, and Ernst von Briesen, who appeared for the Lutherans, had endorsed the provisions of his measure. He said the endorsement had been given at a conference in the Park hotel the evening after the Johnson bill had been heard. The foreign language question was discussed and Senator Fons said Father Oberlie virtually dictated the language of his bill. The following morning Senator Fons took it to Mr. Von Briesen, who placed his "O. K." upon it.

Senator Fons expressed great surprise that parochial school representatives should now appear to fight it.

His statement was made after A. L. Nusbaum, Madison, had stated that he had communication with Father Oberle, who told him that both the Catholic Social union and the archbishop opposed the Fons bill on account of its supervisory features. Rev. John Brenner, speaking for the joint Evangelical Lutheran synod of Wisconsin, and H. K. Mousa of Jefferson, speaking for the Lutherans, opposed the bill on similar grounds.

Another New Bill.

A feature of the hearing was the announcement by Senator Jennings that he would introduce a bill to prohibit foreign language teaching in all schools below the eighth grade. Several times Jennings closely questioned Rev. Brenner concerning the source of his opposition to school supervision.

"My principle is that of self determination down to the individual unit," Mr. Brenner said. "Any school should have the right to teach languages as it sees fit."

Mr. Brenner stated that as a matter of fact, English was the language taught, because the children prefer it. Senator Jennings insisted upon knowing why religion is taught in a foreign language. Rev. Brenner replied that the parents have been taught in another language and that they desire that the children be so taught in order to better supervise their religious training. He said the Lutheran church was German in origin and that its literature and church hymns were in German.

"I know the value of English; but I do not want to lose the spiritual value of that hymn," he continued. Jennings said that he thought the teaching of church hymns in the German language ought to be stopped. He added that it was not a church question with him, but a German question. Brenner replied that with him it was just the other way. With him it was a Lutheran and not a German question.

Endorse The Bill

Mr. Brenner insisted that supervision would eventually interfere with freedom of conscience, because by the introduction of other studies, the state could regulate religion out of the schools. Mr. Mary Conley, of the League of Catholic women, Mrs. Al C. Anderson, and Miss Elizabeth Conrad of the Federation of Women's clubs and Superintendent C. P. Cary endorsed the bill. Judge Paul D. Carpenter said that H. W. Bolens who was in the east was much interested in the bill, desired that it be delayed two weeks so he could be heard.

WET AND DRY ELECTION TO BE HELD HERE

Petition Filed Late Yesterday Afternoon Has 1734 Names

Again John Barleycorn will make an attempt to gain a foothold in Madison.

A petition with 1,734 signatures was filed at the office of the city clerk yesterday which guarantees a vote on the question on election day this April. The petition represents every part of the city, signatures from every ward in the city appearing on its 100 pages.

According to Mayor Sayle saloons in Madison will be entirely impossible even though the wets should carry the election. The saloons could not be licensed until July 1 according to the statute, and the nation goes bone dry at that time by virtue of the proclamation of President Wilson. By many the vote is believed will be nothing more than a manifestation of sentiment on the recent amendment adopted by the state legislatures putting the country in the dry list.

Madison voters will be afforded their last opportunity to register for voting next Tuesday. All voters failing to register at that time will be required to vote by affidavit at the election on April 1.

JONAS BROS. IN BUSINESS 35 YEARS TO QUIT

Ill Health of Member of Firm Causes Decision To Retire

Jonas Brothers, 5 South Pinckney, the oldest dry goods firm in the city from the point of a continuous business existence, is quitting business. The firm which was established March 18, 1884, and has been in business in the same building for 35 years, will quit on account of the poor health of Frank W. Jonas. B. G. Jonas is the other member of the firm.

The stock will be cleared out in a sale which starts Thursday, March 27, and will continue until everything is sold. The store building now occupied by Jonas Brothers was once the noval store of the town, being almost the first to have plate glass windows.

Those were the days when the state house was barred from the town by a big high board fence which was kept spotlessly white-washed. Around the fence was a curving sand path and around that the sturdy line of hitch racks picturesquely lined with high built farm wagons, long low spring wagons, and a goodly variety of carriages. Automobiles were a dream and paved streets weren't.

CONVICT FARMER AT EAU CLAIRE

EAU CLAIRE—George B. Clausen, farmer of Pleasant Valley, was found guilty of violation of the espionage act by a jury in the United States district court.

Mrs Montgomery Weeps Over Fate of Son "Monty"

MILWAUKEE—"My poor boy—my poor boy!" sobbed Mrs. Sarah Montgomery, gray-haired mother of Judson Montgomery, today. She had spent a sleepless night and as she talked she clasped and unclasped her hands, struggling to keep back the tears.

"Wednesday night," she said, a policeman came to the door. 'Where's Monty?' he asked. 'Has anything happened to my boy?' I asked him and he answered: 'Yes, he's been in an accident.' He told me what had happened.

"No one in the world has a kinder heart than my boy—he's been the best boy in the world to his mother. The traffic policemen all knew his sunny smile and often called: 'Hello, Monty' as he drove by in his car. Sometimes I feel that it is all a dream—that this awful thing did not happen. My boy could never intentionally injure anyone and if he is to be punished no matter how severely, it will not be the punishment that will be hard to bear—no, it will not be that."

Judson Montgomery was arrested for running down and killing two people here. He is the son of John Montgomery, who was a conductor between Milwaukee and Madison for years.

DYNASTY OF SAM BANKS IS THREATENED

Meeting of Colored Citizens Is Held In G. A. R. Hall

The dynasty of Sam Banks, messenger to Gov. Philipp, is in danger of being overturned.

Sam, it appears, is in bad with a large number of members of the colored colony of the city. The fracas has arisen over the entertainment that was proposed for returning colored troops who were to visit the city. His fellow citizens charge Sam with throwing a monkey wrench into the proceedings to an extent that prevented the troops from coming.

At a meeting held in the G. A. R. hall last night the revolt against Sam took form in the following resolutions which were adopted:

Whereas, we the colored citizens of Madison assembled in mass meeting this twentieth day of March desire to go on record as opposed to anything that is calculated in its tendency to even hint at Samuel Banks controlling in any way the colored population of Madison, and that we as citizens denounce in the fullest meaning of the word, any pretention of his part that even leads to the least suspicion as such and

Whereas, It is further the opinion of this meeting that he is a dangerous element and a great enemy to his race; we feel that he might be mentally qualified; yet he has from a radical standpoint forfeited all his rights to share the influence of our race and

Whereas, Be it known that we protest the pretended dictatorship of Samuel Banks and only appreciate the fact that he is competent for messenger to the Governor,—that he is of no material worth or benefit to the advancement of our cause and

Whereas, It be so ordered and requested that the full action of this meeting be presented to the daily papers of the city and they be cordially asked to publish the same. Signed, W. R. Harris, president; J. N. Wilson, secretary. Committee on resolutions: H. H. Starks, C. W. Glover, L. V. Butts. Committee on investigation: G. G. Mosely, W. A. Harris and Allen Henderson.

It is expected that Sam will be heard from tomorrow.

TOWNLEY TO TRAITORS IN N. P. LEAGUE

Says N. D. Officials Are Endeavoring to Spike the Program

ISSUES STATEMENT

Says Attack on the Organization is Made from Within

(By the Associated Press)

FARGO, N. D.—A. C. Townley, president of the National Non-Partisan league in an open letter today issues a challenge to the group of state officials who have recently declared themselves against certain of the laws adopted by the recently adjourned legislature.

"It is my duty to warn you against a vicious, cowardly attack upon the organization from the inside" says Mr. Townley.

Traitors at Bismarck

"We have had our Ingles and our Nelsons among the membership, and our Maxwells among the organizers. Now there are traitors at Bismarck, among those you have trusted most. Men who have enjoyed your full confidence—men in to whose hands you have placed tremendous power—are this very hour secretly, cunningly plotting to turn upon you and rend your organization.

"The Non-Partisan league is a mighty army for the common good; its accomplishments are phenomenal. Never anywhere else have the workers so completely routed the plunderers. After ten thousand political battles, here for the first time in the history of the country, the men elected to office have so far fulfilled every pledge made to the people who put them in office.

"Every forward movement in the world has had among its trusted workers and leaders cowards, fools and traitors. So with the league.

"When the plunderers cannot win against the people in a straight fight they use secret methods to make the people fight among themselves.

"They get the people to fight among themselves by going secretiv to the workers and leaders of the people.

"There they coufonnd the fools, intimidate the cowards and buy the traitors.

"Fools and cowards do not make efficient traitors. They are just dubs. A traitor must have courage and ability. He must also have the confidence of the people he would betray.

Enemy From Within

"The enemy can do nothing from the outside. They must work from within, to either disrupt the movement or cripple the administration, so that the league programme now cannot be carriedy out.

"How much do you think it is worth to those who have spent millions in a vain attempt to defeat the league, to find a traitor who is in a position to spike the league machinery from the inside."

WOMAN WELL KNOWN HERE HEADS STRIKE

Mrs. Glendower Evans Takes Part in Massachusetts Picketing

LAWRENCE, Mass.—The striking textile workers were led in their picketing of the mill district today by Mrs. Glendower Evans, a wealthy resident of Brookline. She was on the picket lines at 5:30 a. m. and headed a large crowd of strikers.

Mrs. Evans, who is a stockholder in the Arlington mills, which are involved in the strike, said she would continue her active interest in the striking employes because she thought they should obtain their demands for a 48 hour week.

Mrs. Evans is well known in Madison. She was a leader in suffrage work and has visited at the La Follette home here. She was a contributing editor to La Follette's Magazine.

FARR WILL NOT BE CANDIDATE IN SIXTH WARD

Says People Are Indifferent on Subject of Lake Pollution

The indifference of the citizens of the Sixth ward to the question of the pollution of Lake Monona is given by H. L. Farr as the reason for his withdrawal from the aldermanic race. Ald. R. F. Elver will now be without opposition in the Sixth ward. Mr. Farr's statement follows:

To the Editor of the Capital Times:

Will you kindly allow me through the medium of your paper to announce my withdrawal as a candidate for aldermanic honors at the coming spring election. It is evident the citizens of the Sixth ward are satisfied with present conditions, as I made the polution of Lake Monona the paramount issue, and they have not shown interest enough in the matter to give me sufficient backing at the late primary. I deem it useless to continue the contest any furtxer, and after thanking the good friends who turned out to support me and the cause I stood for, I wish to state that any one who wants our lake shore home at the corner of Livingston and Spaight can have it any time within thirty days for the price of its assessed valuation.

"'Tis the sun set of life gives me mystical lore, and coming events cast their shadows before."

Respectfully,
H. L. FARR.

GOV. HARDING GOT $5,000 IN PARDON, CLAIM

Sensational Turn is Taken In Rathbun Penitentiary Case

DES MOINES, Ia.—William Rathbun, a farmer, in an affidavit introduced today at the Iowa house judiciary committee's investigation of the pardon of his son, Ernest, declared he gave George Clark, his attorney, $5,000, for the expressed purpose of delivering it to Governor W. L. Harding for the pardon.

The affidavit was presented as evidence by H. M. Havnor, state attorney general. It was dated Feb. 25, 1919, and was dictated in the presence of five other members of the Rathbun family, the affidavit stated.

PRIZE FIGHTER IS BROUGHT BACK

Rollin Linstead Arrested by Madison Policeman in Illinois

Rollin A. Linstead, alias Lin Rollin, middle-weight prize fighter, gave "Stockyard" Murphy a first class trimming including two black eyes in the latter's home town of Rock Island, Ill., last night and descended victoriously from the ring into the awaiting arms of Detective Jess Smith of the Madison police force, who promptly put said conqueror under arrest.

Linstead has been wanted here since April 21, 1917, fod the abandonment of his two year old child. He arrived with Detective Smith at 1 o'clock today.

Pickerel Jump

Fishermen Say Thousands Now Going Into Fourth Lake.

To the Editor of the Capital Times:

Right now is the time for the fish wardens to get busy and place a screen across the spill way at the locks to keep the pickerel from shooting the dam into Fourth lake. Last year they left this lake by the thousands over the dam. None ever came back. We need all the fish in the small lakes. They go over when the water gets high like now.

HIT JITNEYS AND VOTE FOR MILK DEPOTS

Assembly Takes Action on Two Ownership Measures Today

Indefinite postponement of bill to allow cities to operate jitneys:

Messrs. J. C. Anderson, P. M. Anderson, Becker, Bowman, Buckley, Bullis, Chapple, Chilsen, Chipman, Czerwinski, Delaney, Dettinger, Donnelly, Downs, Edwards, French, Frohmader, Ganz, Grassl, Grindell, R. M. Hanson, Hellweg, Hewett, Hineman, Jensen, A. Johns, H. F. Johnson, J. E. Johnson, M. E. Johnson, Kandutsch, Kaney, Killa, Kubatzki, Kurtenacker, Markham, McClone, McDowell, Miller, Mitchell, Nolan, Oakes, Olson, Otto, Owens, Perry, Pierron, Ploetz, Ruka, Scharpf, Sheldon, Simpson, Webster, Weeman, Whittingham, Williams—55.

For the bill: Messrs. Ballard, Bauer, Burhop, Coe, Conner, Ehlman, Grimstad, C. E. Hanson, Jordan, Kiesner, Klein, Knappe, Larsen, Lerche, Lorfeld, Marth, Masiakowski, Metcalfe, Roethal, Ruffing, Sell, Sievers, Zarnke—23.

The assembly engrossed a bill to permit cities to operate milk depots and to manufacture and sell dairy products and ice cream. It killed a bill which would permit cities to go into the jitney business.

Assemblyman Perry opposed the engrossment of the Burhop bill which would permit cities to establish and operate depots and plants for the preparation and distribution of milk and other dairy products. He said the measure was "purely socialistic."

"I'm not a socialist, but I am for this bill," broke in Assemblyman Kaney, Milwaukee.

SEEK PARDON FOR LEMBERGER GIRL'S SLAYER

Senator Burke Will Represent John A. Johnson At Hearing

Another attempt to obtain a pardon for John R. (Dogskin) Johnson is to be made.

State Senator Timothy Burke has been retained to represent Johnson and he has already filed the required legal notice that he will seek a pardon from the governor.

Johnson was convicted and sent to prison for life for the murder of Anna Lemberger, a six year old girl. Johnson was sentenced Sept. 13, 1911.

FIUME PARLEY REACHES HEAD IN ULTIMATUM

Italian Delegation Refuses to Give Up Valuable Seaport City

SITUATION IS SERIOUS

Disposition of Land Along Adriatic Puzzle Peace Council

(By the Associated Press)

PARIS — The Italian delegation to the peace conference has unanimously decided to withdraw from the conference unless Fiume is assigned to Italy contemporaneously with the conclusion of peace.

Fiume Question Is Old

The decision of the Italian delegation as reported from Paris, apparently brings to a head the bitter controversy between Italy and the New Jugo Slav state over the disposition of land along the Adriatic, formerly belonging to the Austro-Hungarian empire.

Italy's claims originally included virtually the entire Dalmatian coast with Triest and Fiume, which latter city is the second principal seaport on the eastern side of the Adriatic. Recent reports have been that the Italian representatives were willing to make important concessions regarding the Dalmatian coast provided that the city and harbor of Fiume remained to Italy.

The Jugo Slavs, however, have been insistent that this port be allotted to them, claiming it to be essentially a Croatian city and necessary to the new Jugo Slav state as affording the only suitable sea outlet for her commerce.

Italy Will Not Yield

On the other hand, there has been no disposition on the part of Italy to yield her point so far as Fiume was concerned. Her attitude was stated by Premier Orlando when he declared that while Italy remained "faithful to the spirit of conciliation which inspired the treaty upon which Italy entered the war" that did not mean that she could "remain insensible to the appeal reaching her from the Italian town on the gulf of Quarnero (Fiume) which was "exposed to the loss of both it's nationality and independence."

There have been several "incidents" at Fiume and other points in the territory claimed by both Italy and Jugo Slavia since the signing of the armistice. At one time Italy established a blockade and cut off food relief imports for the interior. This matter was adjusted by the supreme council in Paris, however, and the reports of late have indicated that an amicable settlement of the conflicting Italian-Jugo Slav claims was possible.

Sudden Action Unexplained

Just what has caused the Italian delegation to announce its determination on the Fiume question at this time has not been developed in the Paris advices. It is known, however, that the question of territorial adjustments has been before the conferences which have been taking place during the few days. An Associated Press despatch stated that the frontier issues were among the foremost obstacles which the conferees were seeking to remove from the path to a rapid conclusion of the peace treaty.

Fiume, before the war, was the chief seaport of the Hungarian Kingdom. It has several harbors and it's position and facilities made it the seat of virtually the entire shipping trade of Hungary. It had an ante-bellum population of nearly 40,000.

The decision was reached at a meeting today of the full delegation presided over by Premier Orlando. It was immediately communicated to the powers.

Col. E. M. House of the American mission promised Premier Orlando to present within a few days a project concerning the ItalianJugo Slav frontier which he hopes will satisfactorily settle the dispute.

Italy Gets More Credit.

WASHINGTON—An additional credit of $75,000,000 was given Italy today by the treasury department, bringing the Italian loans up to $1,496,500,000 and the total of credits to all allied nations to $8,932,410,660.

CAPT. GRIFFITHS REPORTED ILL, IS IN FRANCE

B. B. Clarke Plays the Treatment Extended Local Man

Word has been received here of the illness in France of Capt. Morgan Griffiths, who has been at the head of the Volunteers of America in Madison for a number of years.

Capt. Griffiths, it appears, from reports, has been left somewhat stranded in France. He has cabled for money and it was sent to him by friends in the city yesterday.

Capt. Griffiths, according to reports received here, is no longer identified with the Y. M. C. A. Capt. Griffiths had considerable difficulty in enlisting in the work of the Y. M. C. A.

B. B. Clarke, editor of the American Thresherman, has long been a friend of Capt. Griffiths in the welfare work which Capt. and Mrs. Griffiths have done here. Mr. Clarke stated today that he was unable to account for the treatment that had been accorded Capt. Griffiths. In a recent issue of the American Thresherman the following, written by Mr. Clarke, appeared:

"And this is the crowd which tried to keep our own Captain Morgan Griffiths of the Volunteers of America out of the organization when he volunteered his services in the Y. M. C. A. for overseas from Madison. This is the crowd which not only refused him a recommendation because he 'stood in with the whitestiffs,' as they alleged, but when a real Christian who knew him secured him the position in the overseas work it was left to this crowd of 'holier than thou' to follow him across with insinuations against his good name. Captain Griffiths had to prove himself a genuine soldier of the Cross, which he did, before he secured any recognition, but he now stands as high with his 'boys' over there that they call him 'Daddy.' Yet he was not good enough in the minds of this bunch to be given a position in the Y. M. C. A. until friends dynamited the way to justice for him. The Y. M. C. A. received 58.56 per cent of all the United War Work funds while the Salvation Army received 2.65 per cent. What did they do with it?"

Few Weddings

Wisconsin Third From Last in List of States.

WASHINGTON—Cupid is losing out in Wisconsin, according to statistics compiled by the bureau of census. With a rate of but 13 marriages per 10,000 population the Badger state now stands third from last in the list of the states of the union.

Montana takes first honors with a rate of 175 per 10,000 inhabitants, and Oregon is last with 65 marriages. The national rate over the country is on an increase, however, having grown from a rate of 98 in 1909 to 106 in the year just passed.

Divorces are fast increasing and exceed marriages by a considerable figure. In 1916, 112,086 matrimonial bonds were broken by courts of the country, a rate of 112 per 10,000 population as compared with a rate of 88 in the year of 1890, 26 years previous. The present divorce rate in the entire country is one in every nine marriages, say census reports. Causes for divorce are numerous and varied. Desertion leads in the list of charges with 16.3 per cent attributed to that cause, while drunkenness is lowest with a percentage of 3.4 per cent.

NOT A SINGLE VOTE AGAINST LABOR BILL

Otto Injunction Measure is Engrossed Without Opposition

The convention of representatives of the State Federation of Labor has had considerable influence.

Without debate or opposition the assembly engrossed the Otto bill which prohibits the injunction against labor in strikes and allows organizations of farmers under the anti-trust laws. It adopted the Amerige constitutional amendment, 79 to 1, to permit the legislature to fix the salary of the governor. The Amerige bill to permit hunting with dogs during the deer season in Outagamie county was killed.

The house killed the Schmitz bill to permit use of live birds as decoys. It engrossed the Sievers bill permitting cities to sell rough fish.

On motion of Assemblyman Partridge the house by a vote of 73 to 3 killed the bill to create the county of Pershing out of parts of Chippewa, Clarke and Taylor counties.

There was a short debate over the Duffy bill, increasing the exemption from extension from $50 to $75 a month. Knapp said that the cost of living had gone up and that the exemption should be increased. Whitingham said there was no call for the increase and that no honest man would attempt to dodge an honest debt. The bill was defeated 41 to 37.

Under suspension of the rules the house passed a bill appropriating $10,000 for the purchase of 40 acres of land in connection with the state school of the blind at Janesville. Assemblyman Sherman moved a reconsideration of the vote by which the assembly Thursday night killed the bill for the use of the Hare-chemetz ballot in Wisconsin.

Assemblyman Metcalfe presented a measure to repeal all laws relating to the Wisconsin railroad commission. The assembly adjourned until 10:30 Tuesday.

PADEREWSKI IN WARNING; SEES GERMAN MENACE

Says Teutons Are Unbeaten and Urges Free Poland as Barrier

(By the Associated Press)

WARSAW — Germany, although defeated in the west is not yet beaten in the east and if her aims in that part of Europe are to be frustrated, and there is to be peace there must be a strong Poland, Jan Ignace Paderewski, the premier of Poland, declared today.

In outlining the present situation of Poland and its relations to the European question, Premier Paderewski said:

"The importance of a strong and united Poland cannot be exaggerated. Germany made war not for honor and ideals, but for markets and raw materials. The war has not yet been won. Germany is ready to acknowledge herself beaten in the west, but not in the east.

"What stands in Germany's way is not France or England, which are so far off. Germany is at the gates of disorganized Russia and once let her combine with the Bolsheviki and reorganize Russia, as she will have the leisure to do in peace time, she will dominate the world. A strong Poland alone can block this plan.

"From time immemorial it has been the task of Poland to protect civilization from the hordes of Asia. Organized by Germany they would be a machine to crush democratic civilization.

"This Germany would do by breaking the standard of living of the western peoples. For the present task we need a free nation to cope with Germany in influencing the development of Russia.

Nervousness and Headaches Caused by Acid-Stomach

There is a much closer connection between the stomach and brain than most people imagine. It is because of this close connection that indigestion, belching, sour, gassy stomach and other stomach miseries—all of which are sure signs of acid stomach—are so often followed by severe attacks of blinding, splitting headaches.

Nervousness, sleeplessness, irritability, mental depression, melancholia and many other disorders which affect the brain can also nearly always be traced to the same source—acid-stomach.

So often you hear people say "I am so nervous I think I'll fly to pieces;" or "It seems I never get a good night's sleep any more, my nerves are all on edge." Little do they dream that acid stomach is the direct cause of their troubles because very often there are no pains in the stomach at all. So you see, you can't always judge an acid-stomach condition by the way your stomach, itself, feels.

If you are weak, nervous, unfit—if you are not up to your old time form—if you lack your accustomed enthusiasm, energy and pep—make this test and see if it isn't acid-stomach that is holding you back—robbing you of your health, strength and vigor. Get a big box of EATONIC—the wonderful modern medicine that so quickly puts an acid stomach to rights. It is in the form of pleasant tasting tablets that you eat like a bit of candy. EATONIC rids the stomach of excess acid. Brings instant relief from indigestion, heartburn, sour belching, food repeating, bloat and gas and makes the stomach cool, pure, sweet and comfortable.

Dentists warn us against the bad effects of acid mouth, pointing out that the acid eats through the enamel of the teeth, causing them to decay. You can easily imagine then the amount of damage excess acid will cause to the delicate organization of the stomach!

Thousands of people are using EATONIC and the results obtained are so remarkable as to be almost unbelievable. Yet their letters of gratitude, many of which are received daily, prove absolutely that EATONIC does all and even more than we claim. The medical profession, too, recognizes the great value of this wonderful remedy. A learned Michigan doctor wrote recently: "I have had such wonderful success with EATONIC that I want every one to know how quickly it will neutralize the acidity of the the stomach (acid-stomach) and the stomach will soon be sweet and normal again, and the sick man well and happy once more."

So, be sure to get a big box of EATONIC from your druggist today. If it fails in any way to give you the kind of satisfaction you want, take it back—he will refund your money. He doesn't want one penny of your money unless EATONIC helps you.

GERMAN SEAMEN REFUSE TO MAN ENTENTE SHIPS

"No Guarantee of Food Beyond Initial Delivery," They Say

(By the Associated Press)

BERLIN—Two steamers scheduled to sail on March 18, in accordance with the interior allied food commission's agreement, have been prevented from leaving Hamburg owing to a resolution passed by seamen, refusing to operate ships demanded by the entente nations.

Newspapers protest and say the resolution represents the will of a "small communistic section." The Hamburg section of the transport workers' union has lodged a protest against the action of the seamen.

HAMBURG—A mass meeting of seamen today passed the following resolution:

"Today's mass meeting of seamen refuses to participate in the delivery of German merchant ships demanded by the entente and declares it to be the duty of all seamen and laborers to refuse to carry out work on those ships."

The resolution was passed on the ground that there was no guarantee that Germany would receive any food, except the initial delivery.

SHOULD BE KILLED

A BILL has been introduced in the assembly by Assemblyman Oakes for a state censorship of the movies. The movies are to be censored by a board of three to be appointed by the governor for a term of three years.

* * *

The Capital Times believes that this country has had enough of censorship. This espionage, spying, censorship and amateur sleuthing which has poked its nose into every phase of public and private human endeavor in the last year is a practice that is quite foreign to American ideals and traditions.

We do not believe that it is necessary to emasculate the great American principle of freedom of speech and of the press to get at such abuses as the irresponsible movie producer has brought about.

The great forces for moulding public opinion in this country today are the press, the pulpit and the movie. Censorship has made moral cowards of a great percentage of the newspapers of this country. They have not been free to speak their own words. The fear of some inquisitive clerk looking over his files in the postoffice department at Washington has stilled the editorial voice of many an editor in this country.

* * *

Are we now to extend this censorship to the movies?

Imagine for instance: Gov. Philipp appoints A. T. Van Scoy, Carl A. Johnson and Max Selis as members of the board. Some movie producer comes along with a picture with a leader of organized labor as the hero and some unreasonable employer as the villain. Just how far would the picture get with the above board? What would happen to any picture having for its theme the elimination of privilege and wealth in government and the defeat of public officials false to the people?

* * *

The big interests of this country have already cowed the instruments of publicity in this country. The Capital Times is opposed to any scheme that will further that free play of popular opinion in this country which has been so sadly lacking in the last year. The bill is unnecessary and should be killed.

WISE WORDS

(From The Nation)

WE are happy to learn that there is one public official in the United States who has some conception of how to deal with the prevailing unrest. His unusual perspicacity may be due to the fact that he makes his living by farming, not politics. In any case, we are glad to hear a sensible word from anyone in responsible public position. Governor Frazier, of North Dakota, in accepting appointment to the Board of Governors for a nation-wide campaign against anarchy, writes thus:

"I have your telegram notifying me that I have been appointed on the Board of Governors for a nation-wide campaign to be launched against every manifestation of anarchy and to safeguard American liberties, American labor, American homes, and American schools, and wish to assure you that I am in hearty sympathy with the announced aims of your organization. Here in North Dakota we believe the best protection against revolution is to assist rather than retard evolution, and in this State it is the inteention of the Administration to remove discontent and prevent disorder by remedying the legitimate economic complaints of the people instead of tryng to stamp out just grievances. As a consequence we have a contented citizenry in North Dakota which believes in upholding our Government and achieving political progress by orderly and constitutional methods. Personally, I feel that Bolshevism is not the only peril to this country. In my opinion the spirit of Bourbonism is even more threatening to the security of our institutions, for, scanning back through history, it seems to me that Bourbonism always precedes and is the cause of Bolshevism."

Governor Frazier promises to be an interesting member of this particular Board of Governors.

Dinner Stories

A society in Flushing of which Ellis Parker Butler is a member gave a feast to a crowd of fresh air children shipped out from New York city. Butler helped wait on the table. He noticed particularly a hungry looking boy with a face so freckled that it was practically one large freckle. The lad had three helpings of everything in sight and still looked worried.

Butler studied him; doubtless he had come from one of the poorest of east side families; probably never had a square meal in his life. The author hurried to the kitchen and returned with a big wedge of apple pie, which he placed before the hungry one. He hung around for a moment to watch developments.

A look of indignation swept over the freckled boy's face as he turned to a neighbor.

"Darn," he said, "who ever heard of apple pie without cheese?"

Speaking of a profiteer, a senator said:

"The man is not typical. If he was typical then I'd despair. I'd grow as pessimistic as the middle-aged lady.

"A salesman was selling a bedroom clock to a pretty girl.

"'I recommend this clock with its illuminating attachment to switch on,' he said. 'It's a very good thing to tell what time your husband comes home, you know.'

"'But I haven't got a husband,' said the pretty girl.

"'Oh, but you will have some day,' said the salesman.

"'Yes, but not that kind of a husband,' said the girl.

"Then it was that the middle-aged lady stepped forward.

"'My dear child, they're all that kind,' she said. 'Young man, I'll take that clock.'"

Voice of the People

FOLLOWING UP

To the Editor of The Capital Times:

Permit an observation. You have conclusively proved that the necessary policy of the successful publication is defending the masses and your method for making the defense is apparently meeting with general sympathy.

Although you should not, and do not fore-show your strategic moves you doubtless have a well planned policy with a definite future objective,—possibly twenty-five years hence. It is well enough—Foch-like—to keep pounding the enemy, here, there, everywhere,—yet having a purpose.

Had the late war been staved off, say ten years longer, the "fatherland" propaganda would surely have brought about an opposite conclusion in the conflict. A very evident "mother-country" propaganda was and still is being carried on in leading periodicals. (May it also be prematurely exploded). When the Anti-saloon League organized it laid its propaganda plans for a twenty-five year campaign. It followed its program. No premature "To Washington."

We are looking to the Editor of The Capital Times to not only inform us but to lead us. The response to your expressions proves that the sentiment is already in us. What we need is to be led to act or directed to do. And we does not limit us to the present readers of your paper, not by a long shot!

This country is full of other publications that would like to adopt your policy. They need to be allied and aligned. By the tone of some of these papers you probably already have the ally plan well under way.

But the feature of "follow up to a definite conclusion" is not so evident. Take the recent case of the Draft Board. What could have been more effective than that each of the allied papers had carried a "cut" of an official, who lived within the circulation territory of that paper, and with the cut give pertinent facts. Have the face appear week in and week out until every child would recognize the man.

And again we have heard of investigations of this and that with incriminating evidence. But never a conclusion. Why? It was a news item and dropped at that. Will the present "Packers' Grill" bring on better result? What do you say? Shall it?

You are doubtless curious about this letter head. Perhaps some day you will hear of the plans and doings of this particular branch of the A. S. of E. Our Mr. Tittemore is to be with us in two weeks—3-17—as the honored guest and principal speaker at the Cadott Progressive League banquet. From this you will infer that we have a distinguishing sentiment here between the rural and the village people. Quite the opposite to that recently shown in Sparta.

A. F. BLOSSEY.

Cadott, Wis., March 3, 1919.

FOR THE ASSEMBLY

To the Editor of The Capital Times:

It sure is interesting to note the alibis set forth by the reactionary members of the assembly.

If they really believe, and think, what they offer for an excuse, their boast of representing the people becomes mere rot. If these reactionaries are so antagonistic toward lobbies as they openly declare themselves to be, it is high time they others of the state notice the slant on their massive ivory heads and cast their votes in the next election for men.

These reactionaries, no doubt, belong to the same group who were shouting their loyalty from the housetops and condemning the socialists, and all forward looking men. While millions of us were handling the bayonets and putting out of existence forever the damnable Hun and his Uhlans these same shouting loyalists were formulating plans for some Uhlans of their own which they would rather call a constabulary.

Now if these reactionaries were not as blind as bats, probably they could see why there is so much crime and vice in the state, as they claim. It is not the lack of police force, nor the inefficiency of our sheriffs. Probably if their brains were not so doped with opium from the Milwaukee Chamber of Commerce they could reason that poverty is the root of all evil and the uselessness of their Uhlans. If they would do something to improve the living conditions of the people in our state so there would be no unemployment and nobody working long hours, in a sweat shop, for a meager little wage, which makes a good standard of living impossible.

It is common sense to knew that this is the cause, in most cases, where men have been placed behind bars, and as long as these conditions are allowed to exist, state constabularies cannot cause the prison to become vacant.

An Ex-Soldier.

La Crosse, Wis., Mch. 17, 1919.

OLD AGE PENSIONS

To the Editor of The Capital Times:

I saw in the Capital Times a bill is now before the legislature for old age pensions. That would be a very good thing. There are many good people that did not have a chance to lay up enough to have a comfortable old age, but a certain class of people are forgotten. We already have mothers' pensions, but only up up to the age of 16, but what about children that are afflicted and where the mother or parent can never leave the house to earn a living. A state home or the poor house is the only thing provided for such. I know personally of at least six mothers that have children between the ages of 16 to 52 years old where the mothers are in poverty because they cannot part with those children. They would rather starve than to them to an institution where they don't belong. I am writing this to see if somebody will take notice and start a movement and have the pension included in the bill that is now before the legislature.

A Reader of The Capital Times.

On the Side

IN THE SWEET DRY AND DRY

(From the Public Prints in 1922).

Grandma Perkins was placed under arrest yesterday y the village constable for making dandelion wine. Experts claim that the wine grandma makes is 9 per cent wine and 91 per cent kick. Grandma is an old-fashioned woman who never believes in doing thing by halves. Three pints of this hideous conciction were confiscated and two members of the vigilance committee, who sampled it, have been sent to the psycopathic ward for observation.

Mr. and Mrs. Abner J. Terwilliger have been placed under arrest for having in their cupboard a bottle of fermented catsup. It went off just like champagne used to, and the report attracted the attention of the officer in the street. Their defense was that they didn't know the catsup was fermenting, but this was held to be no excuse. They left for Sing Sing on the 12:17 for an extended stay.

* * *

The board of health of the city met last night and decided that greater attention should be paid to the health conditions in Madison. We would suggest that one of the first things the board does is to take a trip to the foot of the Yahara and see the matter going into the lake from our $500,000 disposal plant.

* * *

Now that there is to be only one-half of 1 per cent "kick" in the beverages served at banquets, the banquet speaker will have to put a lil' more kick in their speeches. Used to be that any kind of a speech would make a hit after 10 o'clock.

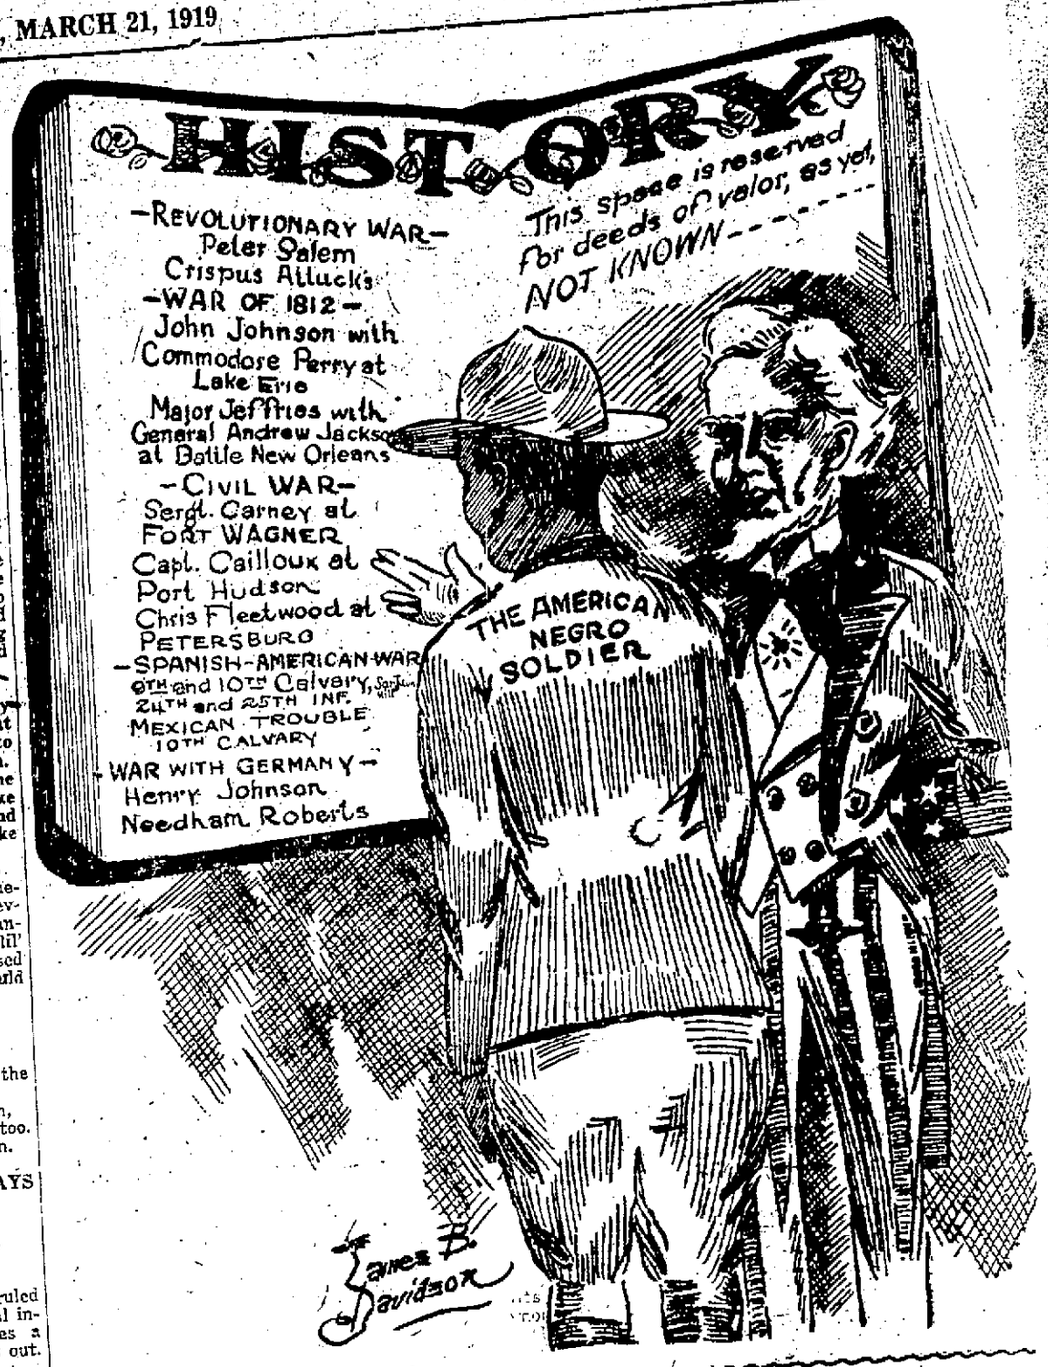
GOES AROUND A CIRCLE

Theodore Price, the business expert of that most valuale publication, Commerce and Finance, notes the satisfactory condition of most retail businesses, the resucitation of the automobile business, increase in building enterprises and concludes that "there is a reasonable for the expectation that the year 1919 will be one of exceptional prosperity in the United States." "Back of it all," he adds "is the increasing velocity with which money is circulating."

Undoubtedly, prosperity depends in the highest degree upon the rapid and general circulation of money. High wages and the collection and expenditure by the government of big tax monies must certainly increase the "velocity" still further. In other words, the taking of money from the comparative ew who have lots of it and handing it over, in the shape of wages, to the millions who have comparatively little of it spells prosperity. Maybe it sounds a bit "radical" but how do you get around the proposition?—Cleveland Press.



AT THE THEATERS

What Advance Men Say ABOUT SHOWS Booked at Madison Theatres

VIOLINST SHOWS SKILL IN ORPHEM EMERGENCY

BY OLIVER STANLEY.

Vera Berliner, violinist, "jumped in" on the Orpheum program last night and landed solidly with two feet on the stage within 20 minutes after alighting from a Chicago train. The audience was treated to an impromptu rehearsal. Miss Berliner handed her music over the footlights to Director Skelton, gave a few whispered cues and then "went on" as though she had prepared for days in advance. The act has been seen here before. She was given a hearty reception. She took the place of the Dancing McDonalds, who were unable to appear on account of the illness of one of the team members.

Hooper and Burkhardt offer a light and airy bit of cross fire entertainment interspersed with music which they call "The Fox Chase." Both wear hunting costumes. A special drop which gives atmosphere to the act is carried. The offering is refined as well as clever and appealed strongly.

Ray Snow, billed as "The Man About Town," has the air and manner of the late lamented Chicago loophound. He tells many gags in a characteristic manner and winds up with a recitation which, although lacking anything unique in its theme, gives a fitting final touch to the act.

The Four Casters, who opened the bill, give an exhibition of skill on the bars and trampolin that commands rapt attention. A triple aerial somersault at the finish is both new, novel and daring.

The new novelty act, "Making Movies," with a Madisonian personnel is enjoying the second half of its week at the local playhouse. Last night they "took" what Tom Ward, the director, described as "the Julian Eltinge scene." Jim Brader impersonated a female, Georgia Vanderhei was resplendant in a natty red bathing costume, and another member of the volunteer cast allowed himself to be pummeled into a veritable jelly for the amusement of those seeking inside light on how the cinema people do it. The array of seaside wardrobe worn by others in the scene would have made Mack Sennett wild with envy.

AT THE GRAND

Laughter and fun will hold sway at the Grand today when "Johnny On the Spot," featuring Hale Hamilton, will be the attraction. Hale Hamilton is a comparatively newcomer to the screen, but he is well known to the stage.

For the first time in the history of pictures in Madison a film is to be brought back for the third time. The Grand has contracted for the third showing of "Shoulder Arms," Charlie Chaplin's famous production. The last time the picture was here it is estimated that three were turned away for every one who succeeded in getting in to see the picture. "Shoulder Arms" will be at the Grand tomorrow.

Scene from "Odds and Ends" at the Fuller, Tonight and Saturday, Matinee and Night

AT THE NEW STRAND.

It was a delighted audience that followed the fortunes of "The Lone Wolf" in Thomas H. Ince's tremendous Paramount-Aartcraft special photoplay, "The False Faces," which opened at the New Strand theater yesterday and will be shown again today and tomorrow. Henry B. Walthall, as Michael Lanyard, "The Lone Wolf," who has reformed and becomes an allied intelligence officer wit ha secret mission to revengehimself upon a Hun who has brought his wife and child to death, was excellent and his portrayal was most artistic.

AT THE FULLER

From the very first performance in New York of Jack Norworth's chummy musical revue "Odds and Ends," which comes to the Fuller tonight and Saturday, matinee and night, it looked like an immediate and enduring popular favorite. Of the twenty-odd musical numbers the most popular are "Fancy You Fancying Me," "Swim Sam, Swim," "Since Hector Was a Pup," "The Knitting Glide," "Every Girl Is Doing Her Bit," "The Dear Old Bronx," "Old Fashioned Girlies," "A Lovely Crop of Girls This Year," "Where Did You Get Those Irish Eyes," and "You Fascinating Vampire Maid." A specially engaged augmented orchestra renders the various musical numbers.

MAJESTIC

Crane Wilbur, popularly known as a matinee idol, is the star in his latest play, "Breezy Jim," showing at the Majestic today only. This is a mystery drama written especially for him by J. Francis Dunbar. His peculiarly happy disposition and expression is the counterpart of "Breezy Jim" and his ability to make the most of any situation in which he finds himself, coupled with this story of intense interest, guarantees good entertainment.

MRS. HARRIET FISH

The funeral of Mrs. Harriet Fish who died Thursday afternoon will be held Sunday afternoon at 2:30 o'clock from the home, 510 North Henry street. Interment will be at Forest Hill.

Mrs. Fish was the wife of the late William T. Fish, pioneer lumberman and contractor. She was 79 years old. Five children survive, two sons, William Fish of Madison and Paul Fish of Minneapolis, and three daughters, Mrs. Joseph Vernon of Kansas City; Mrs. Adam Pickering of Oak Park, Ill., and Mrs. Glenn Williams of Ladysmith.

Something to Look Forward to
The Oldest Dry Goods Firm In Madison

Retires From Business

Jonas Bros., the oldest and most respected dry goods firm in the city, established March 14, 1884.

After 35 years of continuous business in the same building, we are, on account of the illness of a member of the firm, placed in a position which compels us to retire from business at once.

To accomplish a speedy wind up of our affairs we have placed our entire stock and fixtures in the hands of the Western Merchandising Bureau to dispose as they see fit. Their man is now on the job making arrangements to launch the biggest, broadest and most sensational price wrecking campaign ever placed before the economy loving public. Nothing will be left undone that will in any way advance the interest of this sale.

A Mastodonic Slaughter of the highest grade merchandise starts THURSDAY, MARCH 27th at 9 A. M., and continues until all is sold. A worthwhile sale to look forward to.

POSTPONE BILL TO PLACE LABEL ON ALL APPAREL

Many Believe System Would Prejudice Prospective Purchasers

The committee on commerce and manufacturers of the house will recommend for indefinite postponement the Buckley bill to require the use of pure fabrics in goods sold in the state and the labeling of all shoddy articles used in the manufacture. Assemblyman John B. Buckley, Waukesha, said that the bill was designed to raise the standards of shoes, clothing and wearing apparel.

Speaking in opposition to the bill, Harry L. Markwell, Milwaukee, said that a suit of clothes that had to be labeled with all the different constituents would look like a Chinese laundry list."

Assemblyman Frank B. Metcalfe, Milwaukee, declared that Great Britain has a law similar to that proposed and declared that the states of Kansas and Louisiana have enacted similar statutes. Markwell claimed that people are prejudiced against "shoddy." He declared that they did not realize the large amount of shoddy used in all clothes and that if it were necessary to use only pure wool "many would have to go without suits a long time."

Then the shoe manufacturers and dealers put on a demonstration against the bill. They showed that the fact that leather was pure was no criterian that the shoes would wear well. A. B. Caspari, Milwaukee, declared that the celluloid toe cap and a fiber counter would absorb the foot moisture better and that the shoe would wear longer than if the toe cap and counter were made out of pure leather.

"This bill was intended to benefit the consumer, but will operate just the opposite," said George R. Harsh, Milwaukee. "The labels which would have to be put on clothes would prejudice the buyer. Two states have passed laws like this in the past, but they are dead letters, or have been repealed, no one ever hears of them and we continue to send goods into these states without the label."

CIGAR STORE TO BE REMODELED

Regulation Red Front of United Company to Replace Present

The United Cigar company which will take over the business of Martin L. Dunn, 3 East Main street, the first of April, will remodel the store throughout. A new floor and ceiling will be put in the room and the present front will be torn out and replaced by a new one.

The store will be equipped with new cigar cases and equipment and the soda fountain now in use will be taken out. The new store will not have a fountain.

Work of remodeling the store will probably begin as soon as the United Cigar company takes over the business. Mr. Dunn, the present owner, will remain as temporary manager, and Frank Bangs, who has been with Mr. Dunn for seven years, will work for the new firm. Mr. Dunn expects to be with the United Cigar company for a month and possibly two months. Mr. Bangs will probably be manager of the store after Mr. Dunn leaves.

JUDGE STEVENS POINTS MENACE OF DERELICTS

Urges Action by State to Care for 13,000 Feeble Minded

Wisconsin is facing a crisis in the problem of caring for her imbeciles according to the statistics compiled by the social legislative committee of the state. According to these figures the state now ranks ninth in the list of states caring for feeble-minded and unless action is taken immediately it will fall still lower in the list.

For the past several months the social committee, headed by Judge Stevens, has been working on the question and it is now seen that unless some action is taken by the state to handle the problem it will soon pass beyond control entirely. Speaking on the matter the judge today said:

"A thing vital to our interest is being neglected in Wisconsin. The state has more than 13,000 feeble-minded. At least 6,500 of these should have institutional care. They are costing the state approximately $500,000 a year in crime and $300,000 in pauperism.

"The superintendent of the State Home for the Feeble-minded has rejected 1,500 cases of certified imbecility because of lack of room. The capacity of the two homes for the feeble-minded, the one at Chippewa Falls and the other at Union Grove is only 1,300.

"The feeble-minded usually intermarry. They average seven to eight children, while normal families average from three to four. There is no chance for normal offspring from two feeble-minded parents.

"Unless Wisconsin provides adequate institutional care for the feeble-minded, it will continue to be menaced by the rapid increase of feeble-minded persons with an ever increasing cost to the state."

Judge E. Ray Stevens, circuit court, Madison, chairman; Mrs. K. L. Van Wyck, Associated Charities, Milwaukee; Miss Evelyn Johnson, Wisconsin Anti-Tuberculosis association, Milwaukee; Mrs. L. B. Rosing, secretary, Central Council of Social Agencies, Milwaukee; Miss Edith Foster, Juvenile Protective association, Milwaukee; Judge A. C. Hoppmann, superior court, Madison; Mrs. E. E. Hoyt, child welfare department, State Council of Defense, Madison; Mrs. Edwin Thompson, secretary, woman's committee, State Council of Defense, La Crosse; Dr. L. H. Prince, State Home for Dependent Children, Sparta.

JUDGE HOPPMANN URGES NATIONAL DIVORCE LAWS

Attention Is Called to Census Statistics on Nation's Marital Mixups

"The problem of regulation of divorces in the United States should be one for congress to act upon," declared Judge Hoppmann of Superior court, this morning, when his attention was called to dispatches from Washington showing that records of the bureau of census show that one in every nine of the marriages of the country terminates in divorce.

The judge said: "In my mind the problem presented by our far too numerous divorces is only second in importance to that of control of venereal disease. Our states are now taking action on the latter problem and the day may not be far distant when the divorce problem will be grappled with.

"In my judgment this is a problem for our national legislature and not for the several states. Under state control statutes will always be different, which is and will be one of the greatest difficulties met with in divorce actions.

"Under existing laws the judge must frequently grant divorces that might be avoided had the court the power to hold such cases open for periods of time. There is much truth in the old adage that 'Absence makes the heart grow fonder,' and could the judge hold his cases open this might and probably would result in many reconciliations that at the time are impossible. The judge cannot deny divorces when the cases are of such nature that the plaintiffs are entitled to divorce by statute.

"Another method of doing away with this evil might be found in more stringent marriage laws. Frequently cases arise where parties are married after acquaintanceships of a few weeks or even days.

"Should statutes be made regulating this and making impossible such marriages many divorces would be done away with.

"The problem is one of great importance and I cannot attempt to offer a solution for it, but I reiterate that in my mind the problem is one for congress and not for the several states."

AUTO AND BOAT BLANKS HERE: OWNERS TO FILE

Automobile liverymen and operators of pleasure boats and yachts for hire are allowed thirty days in which to file their returns for the special tax required by the new federal income law. The provision went into effect Jan. 1, but the government failed to furnish blanks until yesterday. W. N. Wells, deputy internal revenue collector, said last night that the people of this district would be protected from the oversight.

The forms which automobile liverymen must fill out, specify the model, make, engine number and seating capacity of their cars. The tax amounts to $10 on cars with a seating capacity over two and under eight, and $20 on all cars over and including eight passengers. If a tax liability of more than $10 is shown on the application the person must appear before a qualified officer and swear to the statements. Affixed signatures of two witnesses is sufficient in case of a $10 liability or less.

Boats not used exclusively for trade or fishing will be taxed according to length. The scale follows: $1 for boats over 5 tons under 50 feet; $2 for boats over 5 tons from 50 to 100 feet; $4 for boats over 5 tons and more than 100 feet. Motor boats under 5 tons will be taxed a flat rate of $10.

ENGROSS PERRY BILL AT NIGHT SESSION HERE

Is Aimed to Aid "Own Your OWN HOME Movement in State

Although the bill had been reported for indefinite postponement, the lower house of the Wisconsin Legislature, after a short debate last night sent to engrossment the Perry Bill, exempting $500 of the assessed valuation of each homestead, when occupied during the tax year as a residence by the owner at the time the head of a family, from taxation.

Indefinite postponement was refused by a vote of 57 to 23. Assemblymen Perry, M. E. Johnson, Ansorge, and Buckley, lead the fight for the bill, while Assemblyman W. H. Edwards of Waukesha, opposed it. Perry claimed that it would increase the number of homes owned by people of Wisconsin.

School Bill Sent Back

The Axel Johnson bill to raise the compulsory school age attendance to 16 years was sent back to the Committee on Education for further amendment. The House engrossed the Chilsen bill, classing Influenza as a contagious disease, and advancing the Bowman bill, legalizing the closing of theatres and public places by health officials during an epidemic. The Hood bill, for the repeal of the poll tax, was favorably advanced.

There was a long debate over the Jensen bill giving counties the option of adopting the commission form of government. The bill was advanced 47 to 36. Assemblyman Kurtenacker made an attempt to have the house take action on the normal appropriation bill, carrying aggregate appropriations of $2,239,956 for the biennial period. Objection was made by Assemblyman Otto, Donnelly, and Perry, and the bill finally went over until next Tuesday.

Kill Knappe Amendment

The assembly delayed until next Wednesday consideration on the C. E. Hanson bill, increasing income tax in the state to 12 per cent on all incomes in excess of $12,000 annually. Before this action was taken an amendment by Knappe to confiscate to the state all salaries in excess of $100,000 annually was defeated by a vote of 6 to 22. Two bills by Eldman, one prohibiting the holding of federal prisoners for a longer period than four months in the county jail, and the other providing for better care of witnesses in criminal cases, were indefinitely postponed.

Assemblyman Otto's bill providing for the adoption of the Massachusetts ballot was defeated 52 to 29. The following important bills were passed by the assembly:

Pass Auditor Law

Coe—Increasing the filing fee of foreign incorporations so that they will be the same as the rate charged to domestic corporations.

Kurtenacker—Counties having a population of over 30,000 may appoint a county auditor.

Metcalfe—Empowering the issuance of bonds for the erection of public market buildings.

The assembly killed the Bartingale bill providing certain standards for corrugated culverts in the state. The bill was engrossed last week by a large vote but was defeated Thursday evening by a vote of 53 to 27.

You Need Not Suffer From Catarrh

But You Must Drive It Out of Your Blood to Get Rid of It Permanently

You have probably been in the habit of applying external treatments, trying to cure your Catarrh. You have used sprays, washes and lotions and possibly been temporarily relieved. But after a short time you had another attack and wondered why. You must realize that catarrh is an infection of the blood and to get permanent relief the catarrh infection must be driven out of the blood. The quicker you come to understand this, the quicker you will get it out of your system. S. S. S., which has been in constant use for over fifty years, will drive the catarrhal poisons out of your blood, purifying and strengthening it, so it will carry vigor and health to the mucous membranes on its journey through your body and nature will soon restore you to health. You will be relieved of the droppings of mucous in your throat, sores in nostrils, bad breath, hawking and spitting.

All reputable druggists carry S. S. S. in stock and we recommend you give it a trial immediately.

The chief medical adviser of the Company will cheerfully answer all letters on the subject. There is no charge for the medical advice. Address Swift Specific Company, 251 Swift Laboratory, Atlanta, Ga.

HUMANE OFFICER IN STATE FAVORED

Will Be Appointed to Assist in Organizing Various County Bodies

There was no opposition Thursday afternoon at the hearing of Senator Albert J. Pullen's bill authorizing the commissioner of agriculture to appoint a state humane agent to superintend and assist in the organization of county humane societies. The bill provides an annual appropriation of $5,000 for the expenses of the department.

Dr. Pullen, who is president of the Fond du Lac county Humane society, declared that the passage of the bill would mean that the fines collected would double if not treble the amount of the appropriation the first year. He said only 16 of the 71 counties now hove humane societies and that there is room for a great deal of missionary work.

COMMUNITY BILL WILL BE AMENDED

State Senator Bird Sees Chance to Strengthen Proposed Law

Senator Claire Bird of Wausau appeared before the senate reconstruction committee Thursday afternoon in support of his bill relating to the construction of community houses. He stated, however, that since he had drafted the bill he saw several places where some minor amendments would strengthen it and asked leave to have the matter laid over until he can prepare the amendments. His request was granted.

Section 1 of the proposed bill provides that a community house may be erected, maintained and operated if dedicated to the memory of the soldiers and sailors of the United States.

The bill, which contains nine printed pages, provides that the electors of the territory to be included in the support of the community house may determine its construction and may provide for the erection by a tax upon the property of the district.

MAXIMILIAN IS CENSURED FOR PART IN FLIGHT

Former German Chancellor Blamed in Von Hindenburg's Story

(By the Associated Press)

BERLIN—In Field Marshal Von Hindenberg's statement justifying the flight of former Emperor William, there was a sharp criticism of Prince Maximilian of Baden, the then chancellor, for publishing the emperor's abdication without the latter's consent. It is expected that this will evoke a sharp rejoinder from friends of the ex-chancellor who are already pointing out that the emperor left Berlin without notifying the chancellor.

"Prince Maximilian had long been convinced of the inevitability of the abdication of the emperor and the renunciation of the throne by the crown prince," says the Tageblatt. "It was hoped by this means to save Germany from a complete debacle and revolution."

PROMISE BRITISH RAIL MEN RAISE

LONDON—A detailed official statement shows the average earnings of railway men in 1913 were 28 shillings six pence per week and that they were increased during the war by 33 shillings. An eight hour day also was granted. The increased earnings and shortened hours, it is said, added £75,000,000 to the annual cost to which may be added £25,000,000 due to increased cost of materials. The men's present demands would cost £100,000,000 a year.

At a meeting of representatives of the railwaymen with Sir Albert Stanley, president of the board of trade; Sir Robert S. Horne, minister of labor, and other government officials yesterday, concessions were offered the men as regards wages. They were offered a 48 hours week with a continuance of the present wages until the end of the current year. This means, it is declared, an increase in railway rates.

DAILY HEALTH TALKS

The Best Way to Treat Constipation

BY S. C. BABCOCK, M. D.

The medical books name many drugs that will move the bowels. The drug store shelves are loaded down with laxatives, purgatives and pills. The trouble with most of them is the after-effects. Constipated people know that pills work all right for a little while, but they soon lose their effect, and a change has to be made to something else. The constant taking of pills results in a form of bowel inactivity that is difficult to cure. The system becomes so accustomed to laxative drugs that the organs just won't work without them, and so the pill habit becomes as bad as constipation itself. Dr. Pierce, of Buffalo, N. Y., seems to me to have the right idea. He says the bowels should first be gently moved with Pierce's Pleasant Pellets, and in the meantime laxative foods only should be eaten. Figs, prunes, olive oil, spinach, bran, vegetables and fruits are fine for constipation. Chew every bite thoroughly, eat little meat, and be as active as possible. Now, doesn't that seem sensible? Pleasant Pellets will start the bowels working right; then it is up to you to keep them right by right eating. Try Pleasant Pellets for sick headache, coated tongue, biliousness, dizziness, torpid liver or to break up a cold. They are just fine!

Dr. Pierce's Anodyne Pile Ointment soothes, cools and heals piles in a most gratifying way. Perhaps there is no other remedy for this torturing trouble that relieves so surely and quickly. Dr. Pierce believes Anodyne Pile Ointment will overcome any case that can be overcome by medical treatment. Try it right now.

Dr. Pierce's Anuric Tablets are intended for people who suffer from kidney disorders—whose backs ache, and whose systems are overrun with uric acid. Nearly everybody has too much uric acid. Anuric Tablets dissolve uric acid quickly, as they are made double strength.

A TONIC IN THE SPRING INCREASES YOUR EFFICIENCY

Lay the Foundation of Good Health Now by Building Up Your Blood and Strengthening Your Nerves.

The good old fashion of taking a tonic in the springtime, like most of the customs of our grandfathers, is based upon sound common sense and good medical practice. No matter how mild the winter it is a trying time, even in the most favored climates, for those who are not in the most rugged physical health. Many men, women and children go through the winter upon the reserve strength that they have stored up during the sunny, summer months and grow increasingly thin and pale as the spring days approach. A tonic for the blood and nerves at this time will do much for such people, by putting color in cheeks and lips and banishing the tired feeling that made "spring fever" in the old days another name for laziness.

You cannot be energetic if your blood is thin and weak. You cannot compete with others in business if you are nervous, if you do not get refreshing sleep at night or if you are losing in weight. You need a tonic at this time to add to your efficiency as well as to save you from suffering later on. A non-alcoholic tonic is best suited for most cases of debility, for stimulants aggravate many forms of nervousness. That such a remedy is available, with complete directions for home use that makes building up your strength a comparatively simple matter, is shown by the following well authenticated cases.

Gained Several Pounds

"Sometime ago," says Mrs. C. J. Cleveland, of No. 4304 Snelling avenue, Minneapolis, Minn., "I began to lose flesh, strength and color and it seemed as though nothing could restore my health. I was so badly run-down that my nerves seemed to be on the verge of giving out completely. I was tired all the time and couldn't sleep at night or if I did sleep I was so restless that I didn't feel refreshed in the morning. I had no appetite and my face was colorless. Frequent headaches also caused me great distress and my digestion was disturbed.

"I read of Dr. Williams' Pink Pills in a newspaper and was so impressed by what they had done for others that I decided to give the remedy a trial. After I had taken half a box I could see that they were helping me. My appetite was better and I began to pick up strength at once. I continued the treatment until my nerves were restored to strength. I no longer become excited or distraught. My color is good and I have gained several pounds in weight and feel fine. I have recommended Dr. Williams' Pink Pills to my friends."

No Longer Has Indigestion

Indigestion is one of the commonest symptoms of general debility and what is frequently called that "run-down condition." During the processes of digestion there is a rush of blood to the stomach. If the blood is deficient in quantity and quality digestion is hindered, food ferments and distress follows.

Mr. Charles Rupley of No. 117 North Sixth street, Lafayette, Ind., says:

"I began to feel poorly last winter due to the close confinement to my work. I got little exercise and became so weakened that my nerves were upset, I was troubled with indigestion following a meal and the distress continued into the night and I couldn't sleep. I suffered from occasional spells of faintness and shortness of breath. I had a pain across my back and as the weakness continued I lost flesh.

"I saw a newspaper announcement of Dr. Williams' Pink Pills and began the treatment. I began to feel better in two weeks and continued taking the remedy for five weeks. My improvement is so marked that my friends have spoken of the change in my appearence. I have regained all my lost weight, my nervousnes has disappeared and I can eat heartily without experiencing any indigestion or dizziness. It has given me great pleasure to recommend Dr. Williams' Pink Pills to my friends."

Improve Your Appetite

Those who take Dr. Williams' Pink Pills for Pale People as a tonic invariably say that their improvement began with a noticeable increase in the appetite. When you are sick and your vitality is low your appetite fails. Nothing tastes good. Under such circumstances good digestion is impossible.

Dr. Williams' Pink Pills tone up the entire system, the blood is enriched and good red blood is essential to normal digestion. The glands that secrete the digestive fluids are strengthened, not merely stimulated, and you once more enjoy a good appetite. Looking forward pleasurably to meal-time is the first sign of returning health, strength and vitality.

The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing and they do it well. They are for this reason an invaluable remedy in diseases arising from bad or deficient blood, as rheumatism, neuralgia, after-effects of the grip and fevers. The pills are guaranteed to be free from any opiates or any harmful drug and cannot injure the most delicate system.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes, $2.50, by the Dr. Williams' Medicine Co., Schenectady, N. Y. The booklets, "Building Up the Blood" and "What to Eat and How to Eat," will be mailed free to any address upon request.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur it Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous; and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

HOUSER STIRS INDIANA RALLY WITH FARM TALK

Livestock Men Hear Former Wisconsin Officials Praise State

INDIANAPOLIS, Ind.—A poetic fervor, expressive of love for the soil, crept into the words of W. L. Houser as he addressed the Indiana livestock rally here today.

"The soil is holy," he said, and he later referred to the "vastness of mystery" of agriculture. He told how in Wisconsin the love of the soil is being instilled into the children and how they are being schooled in scientific farming and stock-raising—schooled in a way which gives them pride in their work—not making "gentlemen farmers" but "farmers who are gentlemen."

Mr. Houser, whose home is at Mondovi, Wis., is president of the Wisconsin Livestock Breeders' association. Another Wisconsin expert, A. J. Glover, of Fort Atkinson, in an address said the era when a farmer could move to new land as fast as he exhausted the fertility of the old, was past, and he asserted that the greatest need of the world today is for a permanent, scientific system of agriculture. He extolled the dairy cow as the most beneficent savior of the soil.

DRINKING WATER PROTECTED IN NEW STATE BILL

Provides for Supervision of Lakes by Wisconsin Health Officials

BULLETIN

The senate committee on education and public welfare today recommended passage of the Czerwinski bill. Other bills applying locally to the city of Milwaukee were temporarily laid on the table, as it was agreed that their passage will not be necessary if the legislature enacts the Czerwinski bill. The committee, however, will take them up again in event the Czarwinski bill fails.

Insurance against polluting of waters of the state, as a measure for health protection and for conservation of fish life, was declared to be the intent of the Czerwinski bill for protection of public water and ice supplies, which was given hearing before senate and assembly committees Thursday afternoon. The bill, which grew out of Milwaukee's deplorable water situation, but which as drawn is statewide in application, provides for supervision and control by the state board of health of water and ice supplies, water purification, sewage and refuse treatment and disposal, and pollution of streams; and for supervision of the maintenance, construction and repair of systems relating thereto.

No opposition was voiced. In favor of the measure appeared State Health Officer C. A. Harper, Prof. D. W. Mead, University of Wisconsin; W. E. Barber, conservation commissioner; Health Commissioner G. C. Ruhland, Milwaukee; Water Superintendent H. P. Bohmann, Milwaukee; Alderman Connor, Milwaukee common council; Mark A. Kline, assistant city attorney, Milwaukee, and T. A. Manning, representing the city of Milwaukee.

HAVE YOU SEEN DOC GYM AT 'Y'? MANY JOIN HERE

Result of 4 Days' Campaign Will Be Made Known Tonight

No use. If you are over 90 or under 10, old Doc Gym down at the Madison Y. M. C. A. can't fill your prescriptions. The new limitations on gym class membership were announced today. But that don't count you out? O, well, then Doc. is your man. Why already he is putting fat on lean ones and lean on fat ones.

A. F. Grimm, director of physical work, has been so busy answering questions lately that he had to get out a statement. Here it is:

The Question: Do you feel tired? Are you fagged? Are you a grouch? Is your mind befogged? Do your joints creak? Are your muscles flabby? Have you lost your PEP?

Diagnosis: You have poor circulation. Lack of exercise. Concentration of mind? Liver out of order. Stomach out of commission. Bowels sluggish. Constant work, no play.

The Prescription: Join the Fountain of Youth Gang. Throw away your pills. Take regular exercise with others. Forgetting business, laugh, play, shout, sweat, wash, and swim, thereby getting action in your entire body.

The membership campaign? Sure they are signing them. If you don't believe so, just get in the path of one of the committees. Of course there is no official tally of the membership until the general membership committee meeting tonight at 8 o'clock but things will leak out. It is reported that one ardent canvasser has 10 cards all signed and ready to hand over tonight. Employees of the First National bank joined as a body. The mailing clerks at the postoffice have enrolled and started a special class which meets at 12:15 o'clock two days a week. A shoe firm on the square is represented by a membership of 100 per cent. That's the dope and you can imagine what a hole they will have dug in the week's goal of 700 when they count results tonight.

"Don't wait for a committeeman to come around and see you," said Fred Leiser, general secretary. "Just because you may not happen to fall within one of the groups that have been set for this campaign, doesn't make any difference. Come down to the Y. M. C. A. and look the place over. See what a democratic institution we have here. See its advantages for yourself and then come right up to the desk and make out your application."

Saturday night the "Y" will be turned over to the Madison-Kipp company employees. Swimming pool, bowling alleys, gymnasium, reading room, pool tables and other features will be open.

Open house will be held Sunday afternoon from 2 to 6 o'clock. People of Madison are invited to spend the afternoon in the Y. M. C. A., getting acquainted with the new home. Monday night at 6 o'clock there will be a dinner for the workers of the building fund campaign and others who were interested in the enterprise, in the banquet room.

The boy's club room is open today for use for the first time. Following is a tentative schedule:

Monday 8:30—Employed Boy's Brotherhood, A. Z. Mann, leader.

Tuesdays 7 to 9High Y club and Setin Indians, A. Z. Mann and George Morris, leaders.

Lednesdays 7 to 9—Boy Scout troop 19, S. L. Allen, leader.

Thursdays 7 to 9—Draper Dragoons, Alfred Suhr, leader.

Friday 7 to 9—Boy Scout troops 27, Clarence Karn, leader.

Saturday 7 to 9—Order of Square Table, Walter Frautschi, leader.

Sunday 7 to 9—Fifth ward Y. M. C. A. group, Francis Lamb, leader.

MANY RUSSIANS PLAN TO LEAVE FOR RED REGIME

Organize Company to Buy Steamships for Transportation to Russia

NEW YORK—The executive committee of the All-Russian Colonial convention today announced the incorporation of the Svoboda steamship line, the purpose of which will be to charter or purchase steamships for the transportation of 1,000,000 Russian workers, Bolsheviki and others to Russia.

The main reason for the government, according to the announcement, is the dissatisfaction of the Russian workers with economic conditions here.

TO SIGN PEACE SOON

PARIS—Col. House told British journalists he was convinced the peace treaty would be ready for signature March 29.

U. S. CLAIMS BILLION

PARIS—The maximum claims of the United States against Germany is slightly less than $1,000,000,000.

MARKETS

NEW YORK — The outstanding feature at the active opening of today's stock market was the extraordinary demand for steel shares and affiliated equipments following the adoption of the new schedule of prices by the manufacturers. U. S. Steel was especially stimulated, changing hands in numerous large individual lots at an overnight gain of 2 points. Oils advanced 1 to 2 points and motors, tobacco and distilling issues averaged one point gains. Shippings and coppers also improved but rails were irregular.

Supreme Council to Take Action in Poland Fighting

(By the Associated Press)

PARIS—A German note explaining the reason for breaking off negotiations at Posen says it has been impossible to reach an agreement especially regarding the presidency of the commission. The Germans say they are considering the appointment of the president by Pope Benedict, while the entente nations desire the permanent inter-allied armistice commission to name him. The supreme council will consider the Posen situation today and will take up measures to be carried out against the Germans to bring about a cessation of hostilities in the province of Poland.

FOCH DEMANDS RHINE FRONTIER AS SAFETY LINE

"Without It We Will Have Fought in Vain," Marshal Says

(By the Associated Press)

PARIS — "The Rhine is our only good line of defense. I do not demand annexation but if we do not secure that military frontier we will have fought in vain" is a statement made by Marshal Foch.

Discussing the last days of the war the Marshal said:

"It was the wonderful soldiers who gave us victory. My only merit was to have had faith and never to have despaired. We signed the armistice in spite of the certainty of crushing the German armies, to avoid killing even one more man and because it gave us every thing necessary to a French victory."

A Vacation-Almost

Hawthorne School Pupils See Early Morning Blaze—Then Go To Classes.

Fire!

Great clouds of smoke, screams and the fire alarm. Run for your like kids the Hawthorne school building is on fire. Here comes the big red truck and the firemen are jumping out with chemicals and the hose.

Tough luck, it's out already. You don't suppose they'll try tub have school in a place like that with the roof all burned off an' everything! Aw darn, they're going to—and the dream of a day's vacation ended.

The fire department answered a hurry up call at Hawthorne school this morning and quickly extinguished the flames in the roof which resulted from sparks from the chimney. There was slight material damage, the fire being confined to the shingles of the east and south roof. School is being held in the building.

Happenings in the Madison Bowling World Told for the Fans.

Madison's one best bet and last hope for fame in the 1919 national bowling tournament at Toledo will leave for the latter city tonight to roll Saturday and Sunday. The Pan Dandy Breads will be represented by the following bowlers: "Tony" Schwoegler, lead-off; Frank Kartheiser, Art Heilmann, Carl Luckensmeyer, and Ed Wirka. Kartheiser is in Chicago looking up a mate for Art in the doubles.

Tony and Frank will roll together in the doubles. Carl and Ed are also paired for the two-man event. The fellows have some marks to shoot at: 2959 in the team event, 1248 in the doubles, and 718 in the singles. But then we haven't quite forgotten that little evening about a month ago when Art Heilmann's Pan Dandys rolled 3164 at the Capital alleys. Frank shot 740 that night, Carl 706. The latter kicked over 279 pins in one game and Frank got a 277 score. The high single team game was 1136.

Farness' 210 game was high in the Cosmos-Stoughton match at Stoughton Wednesday. The Cosmos won by the narrow margin of 18 pins.

The last place Loyals slipped one over on the Legionaires in the Moose league last night. It was comparatively east to beat the latter's 654 total in the first game. The Howdy-Paps jolted the leading Moosehearts in two games. George Oakeys team skidded in the first two games, but came back and won the third with 870.

Herschleb of the Progressives led his team to two wins over the L. O. O. M.s. He totaled 630 with games of 226, 168, and 236.

The Venus five in the Ladies' Star league totaled 417 pins in the first game last night. Miss Beers of the Neptunes and Miss Brahaney of the Junos tied for the evening's low game with 76. We wonder what the old Greek gods and goddesses would like to say about the "etherea!" scores their modern representatives in the Madison bowling world are making.

The Fuller and Johnson five No. 1 tied the Kipp team in the Industrial league Wednesday at 798. In looking over the score, however, the F. & J. men discovered one pin that had not been counted and took the game. Columbus has nothing on them.

Runkel's five surprised everybody Wednesday night by grabbing another game in the Wisconsin league. That makes their total 3 won and 19 lost. Keep it up, boys. The Lawrence Lunch team lost three while the Gym team won three and now the two are tied for first place with 16 won and 8 lost. The Pants and Rivets are tied for third place. Rivets and Frank's Restaurants are tied for fifth place. Jensen's Shoes five are four games above Runkels.

JOE LOOMIS CLEARED.

CHICAGO—Joe Loomis, track star of the Chicago Athletic association, was cleared Thursday night of charges of professionalism made by officials of the Central A. A. U. because he had written articles on athletics for a newspaper. Loomis agreed to donate the money he had received to the purchase of a trophy which will be contested for in an A. A. U. meet.

The Masked Star Printed Yesterday WAS MARANVILLE

By N. E. Brown

This ought to be a big year for the rabbit.

Now don't take this as a tip to hunters.

The rabbit we refer to is "Rabbit" Maranville, diminutive shortstop of the Boston Braves.

Walter was discharged from the navy a short time ago and is all set for the baseball season. In his conversation with the Brave owners he has stated that his naval training has kept him in perfect trim and that he is ready now to play ball.

The Rabbit quit baseball last season to answer Uncle Sam's call before playing in very many games. Consequently he hasn't much of a record for the 1918 season. But two years ago he was one of the big stars of the National league. He was second only to Arthur Fletcher of the Giants as a fielder. He fielded 861 chances and foozled 46, giving him a .947 average.

While his batting average wasn't spectacular, he made up in speed what he lacked in hitting. His batting average was only .260. But he stretched nineteen of his hits into doubles, thirteen into triples and went clear around on three of his 146 swats.

He pilfered 27 bases, a fair number considering his getting on record.

PURDUE WILL CANCEL BASKET MEET PLANS

Since talking with Coach Guy S. Lowman of the Badger basketball team, Purdue university has decided that it will not try to hold the inter-state basketball tournament which had been planned by Wisconsin but was called off on account of the "flu" ban.

Coach Lowman has been in charge of plans which would have brought the high school champions of seven middle western states to Madison March 21 and 22 if it had not been for the "flu." Next year it is expected that even a greater number of state champions will enter, including Nebraska, Missouri and perhaps the Dakotas and others.

ZBYSCO AND LEWIS WRESTLE FOR TITLE

NEW YORK—Wladek Zbyszco and Ed "Strangler" Lewis will meet tonight at Madison Square Garden in a finish bout for the heavyweight catch-as-catch-can wrestling championship of the world. Under the terms of the contest one fall will determine the winner, who will get all the prize money.

The Conductors led the pin attack in the Forester's league with 657 in their third game. The frequency of the 125-games chalked up in the scores lead us to believe that a few of the brethren were not shooting last night.

Sport Sparks

Ralph Gill, former Madison high school athlete, who was selected for all-state football and basketball teams in 1917 and 1918, and who enlisted in the marines immediately after graduation last June, has written home from France telling of a football game in which he played end on the Marseilles marine eleven when it lost to the St. Nazaire team captained by Eddie Mahan, former Harvard star.

The game was played at Paris on Feb. 16 before a crowd of 5,000 and many former college stars starred for both sides. Graham, a sub on the Wisconsin teams in 1915 and 1916, also played. The winner went to the championship tournament for the A. E. F. gridiron title.

Mr. and Mrs. Arthur J. Gill, 452 West Wilson street, are Ralph's parents.

Sergt. Lloyd J. Brown, freshman at the university in 1917, and athletic star for four years at Campion college, is being heralded as the star of the St. Nazaire eleven by right of his line-plunging and end runs. He is expected to return to the varwsity where he was a member of the first year basketball squad till his enlistment in January, 1918. He is a nephew of Dr. and Mrs. J. C. Sommers.

INDIANA FIVE ROLLS 2,959 IN PIN MEET

TOLEDO—The Lincoln Life Insurance team of Fort Wayne, Ind., went into first place in the American Bowling congress tournament Thursday night with a team score of 2,959, topping the Potter Shoes of Cincinnati by 37 pins.

Bowlers competing in the minor events of the tournament on Thursday failed to roll into the money division.

The Phillis recently signed Leo Callahan, an outfielder who got a trial by the Brooklyns several seasons ago but wasn't given much of a chance to make good. Scout Larry Sutton of the Phills says that Leo is set to deliver. Callahan was with the navy until a few weeks ago and saw service with the European fleet. With Newark in the International league in 1916 and 1917 he swatted the ball at a .300 gait.

Sign Wounded Pitcher McFarland in New Role Heinie Zim Prophesies Share Bat Honors

Probably the only major league ball player who has been signed up for the coming season while still across the big drink is Johnny Miljus, Brooklyn pitcher. Miljus was wounded in action and has not been ordered back to the U. S. from the hospital in France. His contract was forwarded to him by the Dodger officials and it was returned recently, signed. Miljus isn't expected to reach this country before June or July, however.

Packey McFarland, famous boxer, now has a desire to break into the running horse game as an owner and breeder of thoroughbreds. He has been down in Kentucky recently looking over the field and hopes to purchase a nucleus for a stable.

Packey is wealthy enough to venture into this field. He made more money than any other boxer in the world who never held a championship. He invested his money wisely and realized on it.

Heinie Zimmerman has a protege. His name is George W. Terhune, and he's a pitcher. On the word of Zim, McGraw offered the youth, who lives in Brooklyn, a contract which was duly signed. According to the temperamental third baseman, Terhune some day will be a great pitcher. He injects no IFS or BUTS, but stands flatly on the assertion. Perhaps the training trip will prove Zim right and perhaps not, but for the present at least, the Giants have a "wonderful" prospect.

Joe Jackson, Detroit sport writer and one of the best known baseball scribes in the country, is president of the newly formed Michigan-Ontario baseball league. Fred Wilson, Toronto scribe, is secretary. The league includes Flint, Battle Creek, Saginaw, Bay City, Kitchener, Brantford, Hamilton and London.

The White Sox and Tigers shared the batfest honors last season. Chicago hammered James, Hall and Coveleskie of Detroit for 25 hits in a regulation length game May 3 and Detroit got 21 bingles off Cicotte in nine rounds September 2.

Jack Johnson's now in Mexico and says he wants to meet Jess Willard and Jack Dempsey. He has as much chance as the proverbial snowball.

ROUNDY'S CORNER

The Wisconsin baseball yearlings are working out in the annex cage. If there are any among them who played on last year's squad, they should be kept in there.

There is a new sleeping sickness that is now on the rage in this country. The Wisconsin baseball team must have distributed the germ around as they were asleep all through the baseball season last year.

The Wisconsin crew is due to take to the water after the ice goes off of Mendota. There is a report around that they are going east this year. Judging from their last trip there, it must be a good camping place.

The university is going to have a spring circus this year, they say. They should have no trouble finding funny stunts for the clowns to do. Just pull a few things that the basketball team tried this year. That should be funny enough for anybody.

The Amateur movies at the Orpheum this week are bringing out some good local talent. Eddie Doris is making the others look like amateurs in their roles. Jim Ward, the head man, says that for a man of 48 years of age Doris is the best in the county. O, yes! in the "county."

Coach Kent, the new baseball coach, thinks Wisconsin has a good chance to win the pennant this year or be near the top. If Wisconsin wins the pennant this year, he should have his statue erected on the campus as the greatest man that the Badgers ever worshiped.

CHICAGO CLUB SPEEDING TO PACIFIC COAST

Kid Gleason, Christy Mathewson, 'Mugsy' McGraw in Charge of Teams

The great spring drive has started!

Chicago's Champion Cubs took their first day of spring training Thursday on the customary pinochle, hearts, and P. G. exercises, intermingled with trips to the dining car, enroute to their training camp at Pasadena, Cal.

Claude Hendrix, Pete Kilduff, and Leslie Mann climbed aboard the Cub special at Omaha. Alexander, Bailey, Marriott, and Stolz, who are still overseas, are now the only Bruins who have not been lined up for the season's work.

Giants Are Off.

Twenty-six White Sox in charge of Manager (Kid) William Gleason are expected to leave Chicago on the training trip tonight. Runge, Mostil, Weaver, Conroy, Cerney, Felsch, Schalk, Faber, Benz, Corey, Stewart, Sullivan, Williams, Eddie and John Collins, Haas, Liebold, Murphy, Lake, Stumpf, Wolfgang, Russell, Cicotte, and Danforth are scheduled for the trip.

Manager "Muggsy" McGraw and Christy Mathewson are ready to take care of the Giants who left New York Thursday night for the training camp at Gainsville, Fla. Those who have left for camp are: Hal Chase, Heinie Zimmerman, McCarty, Smith, Burns, Doyle, Ryan, Terhune, Gilliespie, Clarey, Steel, Noel Rommell and Lyons.

Manager Wilbert Robinson of the Brooklyn Dodgers reached the Jacksonville, Fla., training camp Wednesday with four players, Mamaux, Marquard, Cadore and Miller. Tom Griffith, Ollie O'Mara, and Sheridan left for camp Thursday.

HUNGARIANS REFUSE SHIPS

PARIS—The Hungarian government has refused to obey the entente's demand for the surrender of merchant shipping.
